

October 20, 2004

Dear Fellow Believer:

It is my sincere prayer that you are well and prospering in the things of the Lord.

First and foremost in this letter let me thank you for praying for our city. The responses that we received to the October prayer focus were very positive. People are continuing to pray that God deal with fearfulness in their lives and in this city. As we go forward let us continue to seek the fullness of the manifestation of the Spirit of Power, Love, and a Sound Mind that the word of God says our Father has given us.

Second and also very, very important please make note of the following prayer gathering:

PRAYER FOR THE NATION & ELECTIONS

October 30, 2004

6:00 PM

**Corpus Christi Christian Fellowship
6602 South Staples (past Saratoga).**

Pastor Don Leavell has graciously allowed us to use the main sanctuary for a time of prayer for our nation and the up coming elections. We are expecting several pastors and congregations from around the city to participate. Please plan to attend and to bring as many as will come with you. These are very important times not just for our city or country, but for the kingdom and the world. We need to seek God.

Now it is time for a great announcement. The Prayer Time Corpus Christi program produced by Shammah Prayer Ministries International, Inc., which airs on Channel 18 on Time Warner and Grande, is now also on KCTA AM Radio 1030. The program time is each Sunday at 7:30 AM. Join with us as we pray each week for the City of Corpus Christi and the area.

Finally, I believe the Lord would have the prayer focus for November to be the influence of a Spirit of Infirmary. This is not just sickness, though in some ways we have a higher percentage of some illnesses than other areas. Rather it is also infirmity in our thinking, in our understanding of the Word of God, in relationships, in character. In short it is how we fall short in so many ways. Let us ask the Lord to deal with our infirmities, both individual and corporate, but at the same time let us ask Him to deal with the Spirit of Infirmary in this area. **As we do this let us throughout the month of November ask the Lord to manifest a Spirit of Faith in the church that we may stand firm in the things of God.**

Thank you so much for your prayers, giving, and other expressions of support.

Sincerely,
William W. Lumry, II
