*...Serving the Body of Christ by Identifying, Teaching, Training,
Empowering, Mobilizing Intercessors ...*

August 27, 2008

Dear Believer:

Blessed be the God and Father of our Lord Jesus Christ who has blessed us with all spiritual blessings in heavenly places...

After having written last month of the church being in a position of having a distinct advantage over the enemy and that he was and would be working to undermine that advantage, we are now hearing from many directions of the absolute necessity of being properly aligned with godly authority. We have spoken in past months of shaking and of what the Lord has given us to call a storm of cleansing. Just in the last few weeks we have received newsletters and emails from several ministries who are now speaking in the same way. We are in a new place, but much of the Body is still in need of alignment with the purposes of God. That almost always comes through struggle. It is like any other birthing. It is pain and suffering for a season for a purpose.

On my return from Ghana and Kenya, the Lord having restrained us from going to the two other countries as scheduled, I spoke to our home congregation of what I had seen. Simply put, I saw what I have been waiting forty years to see. The Kingdom of God is arising in the earth in a way that has never been seen before. Great men of God from every country are purposefully aligning themselves with each other as they acknowledge that the timing of God has come for a great harvest of souls in the earth.

We here in Corpus Christi seem to be behind in some of the things that the Lord is doing, but God is positioning us to be a shining example of the unity of the Spirit in the bond of peace. It is our place and position in what our Lord Jesus Christ is doing.

The winds of change will seem like terrible storms to some, but to those who have the heart and mind of Christ, it will be only the petulant raging of a childish enemy that is being used by the Lord to purify and strengthen us. From God's perspective it will be a storm of cleansing. I agree whole heartedly with the ministry that is saying we should prepare for a season of suddenlies that will begin in September. God the Father is not through with the United States of America, but we will find ourselves challenged to give up our pet ideas that we always claimed as Christian and get on board with the plan of the Master. As we said last month, it is necessary to stay on target and on the right path to accomplish what God wants done. If we let fear and intimidation rule, we will take the wrong path and there will be great pain.

Again we say this month, the Lord is about to connect the intercessors and leaders in a new way which will be a major factor in the harvest to be reaped in the days ahead. Let us submit to God and resist the enemy and watch him flee.

I know this is repetitious, but it is imperative to again say that we must remember that proper submission to authority will keep us from being stalled in place, eliminate hindrances and remove the danger of being blind sided as we move forward. It will ultimately destroy the working of the enemy at the root. Let the sound go forth, "Corpus Christi, the Revival City, Unity as it should be."

Sincerely,
William W. Lumry, II
